TM-50

The ASHE TM-50 is a compact Temperature Indicator with relay contact output and analog signal retransmission. The instrument can be quickly mounted on a standard DIN Rail in any rack or cabinet for temperature monitoring within the panel.

The instrument has a built in temperature sensor which provides an accurate reading of ambient temperature on a two digit display. The required alarm level may be set on the menu and the instrument provides a potential relay change over contact at a set temperature. An analog retransmission signal of 4 to 20mA DC is available at the output terminals for remote Temperature display or monitoring.

The Temperature monitoring unit TM-50 is a useful accessory in any panel or cabinet to ensure that high temperature within the cabinet does not cause harm to the server and other critical equipment.

NEW ARRIVALS!

CY-30

The ASHE CY-30 is an addition to the growing range of instruments designed for Rack mount applications. Our customer needed a Temperature Indicator in compact dimensions so as to fit within the 1U framework. The instrument designed by our D&D team complied with all the customer requirements of application, dimensions and functionality. The Indicator has a built in Temperature Sensor which measures the internal rack temperature and indicates it on a digital display. The challenge of fitting the power supply in the required compact space was successfully accomplished and we were able to deliver the instruments within a short time. The instruments were well received and appreciated. This adds yet another model to our spectrum of products and proves that the Ashe team can deliver well designed, quality products despite being constrained for time.

Congratulations!

बबडीचे गाणे-2

कधी कधी मला यांचं
काहीच कळत नाही
मोठी माणसं समजेल असं
बोलतं का नाही..☺

आई म्हणते एक ना धड
चिंध्या मात्र भाराभर
माझ्या हातात कपडे तेव्हा
नसतातच खरं तर ..☺

मी झोपते बेडवर
तरीही बाबा म्हणतात
मूलाचे साय असे
पाळण्यात दिसतात☺

बेबी आल्या अगदी
आमच्या वरतीच राहते
तरीही तिच्या गर्वाचे घर
खालीच का असते?☺

दादाच्या कानांत
हेडफोन्स असतात बरं
तरीही आजूजी म्हणते
त्याच्या कानात गेलंय वारं ☺

आजोबांचं मी काहीच
करीत नाही वाकडं
'खेळा' म्हंटल तर म्हणे
मसणात गेली लाकडं..☺

मोठ्या लोकांचं बोलणं असं
विचित्रच असतं
हुशारेय, मी तशी
पण लोक्यावरून जातं..☺
